

SURGICAL MASTERCLASS

FOR ORAL SURGEONS - PERIODONTISTS AND IMPLANTOLOGISTS

JUNE 30 - JULY 04 2025

- PERIO FOUNDATIONS
- PERIODONTAL REGENERATION
- MUCOGINGIVAL PLASTIC SURGERY
- RESECTIVE PERIODONTAL THERAPY
- MULTIDISCIPLINARY APPROACH

THE SURGICAL MASTERCLASS IS AN IN-DEPTH JOURNEY INTO THE WORLD OF MODERN PERIODONTOLOGY.

Five intense days of hands-on and evidence-based theory.

Level 2 Masterclass offers a unique opportunity to master all existing surgical techniques, flap designs and suture methods applied in modern periodontology.

Whether you are looking to refine your skills or expand your expertise this course is designed for dental professionals committed to excellence in patient care.

You will train your surgical skills on individually made bone models & and microsurgical skills using operative microscopes. Also Prof. Rasperini will perform live surgeries on patients to show previously discussed surgical techniques.

The last day of this 5- days intense program is dedicated to the multidisciplinary approach in modern periodontology: **Endo – perio - ortho-perio** and **dental implants** from the periodontal point of view.

These 5 days would completely change your way of thinking and treatment planning!

This program is recommended to the whole dental team that works together, for improving your understanding of the possibilities & limits of periodontal treatment and possible interactions within the team.

Periodontologist can't drive alone. Periodontology is about a successful teamwork!

Don't miss the chance to elevate your surgical proficiency and transform your practice!

Prof. Giulio Rasperini

Dr. Rasperini is Associate Professor of Dentistry and Periodontology at the Department of Biomedical, Surgical and Dental Sciences, University of Milan, Milan, Italy. Adjunct Professor and part-time Faculty at Harvard School of Dental Medicine, Boston, MA USA.

Dr. Rasperini received his D.D.S. from the University of Pavia in 1990, his certificate of specialist in Orthodontics from the University of Milan in 1997, his certificate as Active Member of the Italian Society of Periodontology and Implantology (SldP) in 1997. He later received his certificate as Active Member of the European Academy of Esthetic Dentistry (EAED) in 2009, Full member British Academy of Aesthetic Dentistry (BAAD) 2015-2022, Italian Academy of Osseointegration (IAO) in 2022, Board member of the Internation nal Academy of Periodontology (IAP) 2023-actual.

Dr. Rasperini is member of the Editorial Board of the International Journal of Periodontics & Restorative Dentistry and is ad hoc reviewer in the editorial boards of multiple journals.

He has published over 125 papers on PubMed, h-index 41 and more then 6000 citations. He lectured extensively in the five Continents in the fields of Periodontology and Implantology, Regenerative Medicine, Surgical techniques for periodontal and peri-implant tissues reconstruction.

Winner of Awards for research with his co-workes: International Quintessence Publishing Award (Boston 2000 - 2004), Goldman Prize (SIdP 1996 - 2010 -2017), Clinical Research Award (EAO 2010), Earl Robinson Periodontal Regeneration Award (AAP 2012), Align Research Award (2013).

He is the founder of the iPerio Education Center in Piacenza, Italy, where he teach his philosophy of treatment and concepts of the modern dentistry.

Dr. Giorgio Pagni

Giorgio Pagni is a Periodontist practicing in Florence, Italy and a Lecturer at Harvard School of Dental Medicine. He got his Master in Periodontics and Oral Medicine at the University of Michigan and is a Diplomate of the American Board of Periodontology. Co-Founder of iPerio, he is active member of the Italian Society of Periodontolo-

Co-Founder of iPerio, he is active member of the Italian Society of Periodontology and Implantology (SIDP) and of Florence Perio Group, co-founder of the National Osteology Group Italy (NOGI) and SIDP Giovani.

He is also a member of the American Academy of Periodontology (AAP), of the Italian Dental Association (ANDI), and is part of the Expert Council of the Osteology Foundation.

Founder of ANDI Firenze Giovani and Council member of ANDI Firenze. He serves as reviewer for the Journal of Dental Research (JDR), the International Journal of Periodontics and Restorative Dentistry (JJPRD), and Plos One.

Dr. Raffaele Acunzo

D.D.S., Adjunct Professor at the Department of Biomedical, Surgical and Dental Sciences, University of Milan, Italy. Member of the Implant Kol Consultant Network for dental implant health promotion.

Ad hoc reviewer of Journal of Periodontology, the Clinical Advances in Periodontology, The International Journal of Esthetic Dentistry.

Published and lectured in the fields of Periodontology, Mucogingival surgery, and Periodontal maintenance after surgical procedures.

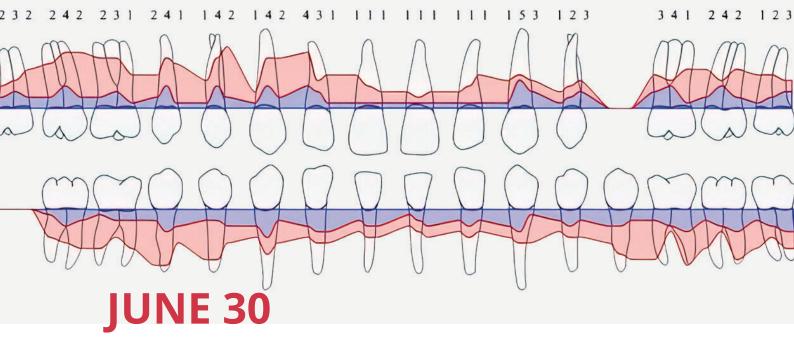

About us Watch the video

PERIO FOUNDATIONS

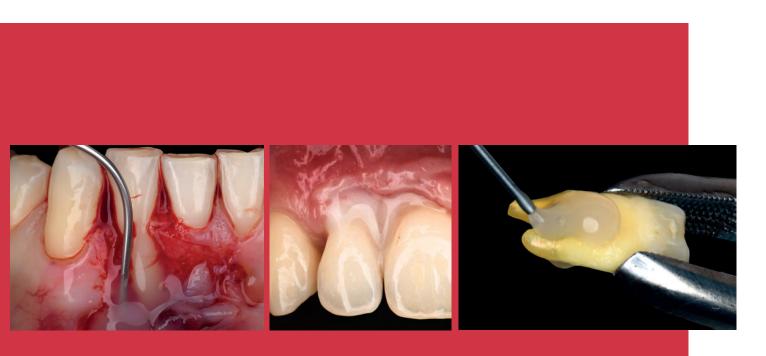

09:00 - 11:00	Etiology, pathogenesis, stages and new classification of Periodontal Disease Phenotype. Personalized medicine
11:00 - 11:30	Coffe break
11:30 - 13:00	Diagnostic in periodontology; Full data collection
13:00 - 14:00	Lunch
14:00 - 15:00	Exercises on the new classification of Periodontal disease. Periodontal charting, rx periodontal status
15:00 - 17:30	Effective protocols in non-surgical periodontal treatment and maintenance. Guided Biofilm Therapy. GBT EMS One stage Full Mouth Disinfection. Protocols for prevention in patients with dental implants or/and orthodontic appliance.
17:30 - 18:00	Coffe break
18:00 - 19:00	Hands-on training 1: SRP on anterior teeth
20:00 - 22:00	Welcome social program and dinner

PERIODONTAL REGENERATION

09:00 - 10:30	Classification of infrabony defects. Biology of periodontal regeneration
10:30 - 11:00	Coffe break
11:00 - 13:00	Biomaterials: future prospective in periodontal regeneration
13:00 - 14:00	Lunch
14:00 - 16:30	The evolution of regenerative surgical techniques from extended flaps and membranes to grow-factors and microsurgical approaches, indications, surgical instruments and suturing techniques of:
	 Papilla preservation techniques Surgical technique for use of Emdogain, other Minimally invasive surgical techniques (surgical procedures -Harrel & Rees, MIST, Modified MIST) Soft tissue wall technique & CT Wall techniques Single flap approach
16:30 - 19:00	Hands-on training on bone models and operative microscope

MUCOGINGIVAL PLASTIC SURGERY

09:00 - 11:00	Classification of gingival recessions. Phenotype of the tissue and different techniques of periodontal plastic surgery
11:00 - 11:30	Coffe break
11:30 - 13:00	CAF (Coronally-Advanced Flap) for single and multiple recessions Double Papilla Technique Laterally Positiones Flap Flap design, indications, surgical instruments, suturing techniques.
13:00 - 14:00	Lunch
14:00 - 15:30	Tunneling technique vs VISTA CTG harvesting techniques: Microsurgery
15:30 - 16:00	Coffe break
16:00 - 19:00	Hands-on training on the models and with operative microscopes

RESECTIVE THERAPY

09:00 - 13: 00 13:00 - 14:00	Live surgery Lunch
14:00 - 17:00	Crown lengthening procedure. Indications - Perio /restorative/aesthetic. Planning- APF vs gingivectomy. Flap design - partial vs full - thickness. Instruments - burs vs ultrasonic tips. Suturing techniques. Passive eruption, gummy smile. Hands-on training
17:00 - 17:30	Coffe break
17:30 - 19:00	Treatment options for furcational periodontal defects . Regeneration vs premolarisation. Anatomical analysis and clinical indications for root resection.
20:00 - 22:30	Gala dinner

Prof. Rasperini together with Bone*Models* created special models with periodontal defects of various configurations and complexities. **The participants have the opportunity to practice surgical techniques studied in the course**

MULTIDISCIPLINARY APPROACH

09:00 - 11:00	Implant Therapy from periodontal point of view. Timing of implant therapy for patients with periodontal disease. Soft tissue managment and Bone Regeneration Hybrid implants.
11:00-11:30	Coffe break
11:30-13:00	Otho-Perio; Endo-Perio. Treatment solutions in complicated cases.
13:00-14:00	Lunch
14:00-16:30	Clinical case discussion and conclusion. Learning assessment
